"I started learning Danish at another school, but felt it was too easy and too slow. Therefore I changed to Sprogcenter Hellerup about a year ago and enrolled in one of their DTU-classes. I am very happy I made that choice. My classmates are really nice and my teacher is great at teaching and giving us homework. I have become much better in talking Danish with the Danes, and have no problem speaking Danish when I need to buy something at the local shop."

At Hellerup Language School we offer a range of different courses, each adapted to your specific needs. Our intensive courses at DTU are for those who are interested in making an active effort to learn Danish quickly.

Our teachers are skilled and experienced, and they will be sensitive to your personal needs and requirements.

We emphasize variation in our teaching methods and strive towards a highly correct language. The courses are arranged to meet the needs of students and researchers at DTU, thus making it possible for you to unite studies/work with a language course. The courses are taught at DTU.

Our courses are divided into three levels (five modules – each module is completed with a test) in order for you to participate in and finish each level at your time of convenience:

- The Beginners Level will provide you with enough Danish to manage everyday situations. (Modules 1 and 2)
- The Intermediate Level will make you capable of expressing yourself more correctly. (Module 3)
- The Advanced Level will make you able to express yourself using complex and differentiated language. (Modules 4 and 5)

A detailed description of each level is found on the following page.

BEGINNERS LEVEL (MODULES 1 AND 2)

When you have finished the Beginners Level you will be able to

- Speak and understand simple communication
- Read and search for information in simple texts, such as short stories, ads and small notices
- Write simple texts

The Beginners Level includes module tests 1 and 2.

INTERMEDIATE LEVEL (MODULE 3)

When you have finished the Intermediate Level you will be able to

- Understand, speak, and enter into discussions in everyday situations
- Read and understand a variety of different texts
- Write coherent and relatively differentiated informal addresses

The Intermediate Level will conclude with module test 3.

ADVANCED LEVEL (MODULES 4 AND 5)

When you have finished the Advanced Level you will be able to

- Argue and discuss using differentiated and complex language
- Read and understand most texts, e.g. newspaper articles
- Write and express yourself using relatively correct and varied language in e.g. essays and e-mails

The advanced Level includes module test 4 and concludes with Prøve i Dansk 3, which is one of the final Danish language tests.

An extra level – module 6 – Studieprøven (C1) is only offered at Hellerup Language Schools' facilities at Bernstorffsvej 20 in Hellerup.
